

We are called to be Christ's Ambassadors. Over the years, numerous evangelism courses have been used to help equip the body of Christ to rescue people from an eternity in hell. While most people in our churches have received some type of evangelism training, the reality is that almost no one is sharing their faith as a way of life. Would you like to change that? We can help! We are pleased to offer a Live Event called "Make a Difference" or "M.A.D." This "lifestyle evangelism" live event has literally changed thousands of people's lives across the country and helped them to be the eternal rescuers that God intended.

"We had Don here 3 months ago, and as I look back over our year so far, that was a real spiritual turning point. We had gone thru at least 6 months with no one getting saved thru our ministry before that. Starting that day, we had one teen guy saved, and then 24 more saved between then and now."
- Big Flats Wesleyan Church, Big Flats, NY

This 4 hour fast paced, interactive multimedia event can help turn those fearful of "witnessing" into dynamic, excited, rescuers of the lost. Participating in one of these events will motivate and equip you to be a rescuer of the eternally lost as a way of life.

"Your teaching has re-lit the fire inside of me. So now I feel this urge to share again. Not only has God used you to encourage me to share my faith but also, to have a deeper, more intimate relationship with Him. Thank you for being obedient and God bless"
- Glad Tidings Assembly of God - West Lawn, PA

Host churches are encouraged to invite other churches in the area to join them and take advantage of this unique event. We ask that the host church cover normal travel expenses, mileage at the standard IRS mileage rate, and that a love offering be taken for the speaker.

There are usually two breaks during the Live Event. Pizza, snacks, or even a dinner may be served at a break. Presentations may be scheduled for any day of the week... permitting. And RELAX – there's no role playing!

Would you like your faith to be energized?

Would you like to wake up in the morning excited about how God will be using you that day?

How would your life change if you naturally shared your faith with one person every day?

How about if you shared with 3 - 5 people a day?

It is easier than you think. We have seen God use this M.A.D. Live Event to change thousands of people's lives all over the country. It can change yours too!
