

# VICTORY

HIGHWAY WESLEYAN CHURCH

Brothers and Sisters in Christ,

Jesus made it very clear in the Biblical accounts of His ministry: go and make disciples. We call it the Great Commission, but it isn't lofty – it's a lifestyle. All who love and follow Jesus are called to participate. Have you realized how crazy it is? The God of the Universe, who engineered the expanse of time and space, entrusts *mere humans* to help build His kingdom. Have you realized that the Christian life is exhilarating?

Don Sunshine's "Make A Difference" training will show you just how exciting it is to have a role in God's work. After all, you have a very specific mission among the people in your realm of influence. Your pastor cannot reach these people, regardless of whether or not he or she seems more qualified. What are our qualifications next to God? Besides, it isn't your pastor's job to love your neighbor. *You* have been positioned *by God* to reach the people around you for Him. What He cares about is availability of the heart.

As a human, you cannot change another person's mind about Christ. All that you can do is present evidence. The change of heart must be left to God. Don's teaching session will help you assess the tools and evidence at your disposal so that *you can be a useful tool in God's ministry!* Don's presentation style makes the content even more enjoyable. You'll take easily reviewable notes, watch stirring multimedia, and hear all kinds of amazing stories about God at work through His followers. Do not miss a chance to attend M.A.D. Training. If your experience is like mine, then you will meet with laughter, inspiration, and conviction.

May God bless you richly, and may you pursue Him intensely!

David Enders,  
Interim Young Adult Coordinator
